

South Australian Native Foods Association

We are a conduit for people who want to grow, support and promote Southern Australian native foods and South Australian native food producers. SANFA is a not for profit, non-political, incorporated body that seeks to engage through workshops, field days and working with other groups who have an interest in this field. Education and fair trade are a major focus for the group as is training communities in all aspects of native food production and consumption.

SANFA and its members aim to:

- ✓ Promote the cultivation of native plant food species in sustainable production
- ✓ Promote the use of native plant foods in Australian cuisine and products
- ✓ Produce high quality native food products
- ✓ Promote ethical business standards and practice
- ✓ Maintain a culture of cooperation, friendship and support for all who wish to be involved
- ✓ Support cooperation and networking within the whole native food industry in Australia
- ✓ Act as a platform for government and industry members to communicate on relevant issues
- ✓ Support the maintenance of Australia's biological diversity

SANFA membership benefits.
